## Types of Casino Bonuses

Casino bonuses can be categorized into several types, each serving a different purpose and having unique wagering requirements. Here are some of the most common types:

- **Welcome Bonus:** Often a match bonus on the first deposit, typically ranging from 100% to 200%. For instance, a 100% bonus on a £100 deposit gives you an additional £100 to play with.
- **Free Spins:** These are often combined with welcome bonuses. Players may receive a set number of free spins on specific slot games, usually with a maximum win cap.
- **No Deposit Bonus:** This is a smaller bonus given without requiring a deposit, allowing players to start playing without financial commitment. These bonuses usually come with higher wagering requirements.
- **Reload Bonus:** Offered to existing players, this bonus encourages further deposits and can range from 50% to 100%.

## Wagering Requirements Explained

Wagering requirements determine how many times you must play through the bonus amount before you can withdraw any winnings. These requirements can vary widely and are typically expressed as a multiple of the bonus amount.

- **Example:** A £50 bonus with a 35x wagering requirement means you must wager £1,750 ( $£50 \times 35$ ) before you can cash out.
- **Game Contribution:** Not all games contribute equally to wagering requirements. For example, slots usually contribute 100%, while table games may only contribute 10% or less.
- **Time Limits:** Bonuses often come with expiration dates. Failing to meet the wagering

requirements within this timeframe can result in the loss of the bonus and any associated winnings.
