This makes e-wallets a popular choice among online casino players seeking convenience and security.

Although we believe an operator's game selection can still be great without offering any bingo titles, it is still nice to see such a popular option available to players online. Perhaps the popularity of the casino classic is due to the possibility that a small wager can lead to a huge payout (especially with a jackpot slot). Until 2014, most online casinos in the UK only needed a licence from an EU regulator. However, with the introduction of the Gambling (Licensing & Advertising) Act of 2014, all remote gambling operators must hold a UKGC licence if they accept UK players. The law adds another layer of protection to keep UK players safe when gambling online. Out of all the safe online casinos in Europe we tested, MyStake is the best choice.
